

*There is No Substitute for American Freedom and Exceptionalism*

November 27, 2021

A couple of points to address this nonsense- and I'm addressing this because we have far more serious problems at hand that our country is facing and this will be the end of it for me—others may have the time, I don't:

- 1) I don't personally know these people LW mentions, Jarrin, Hancock, nor Kyle Rittenhouse. These must be people who have caused him harm. That is something Lin should deal with. Making them my problem doesn't change anything. And if Lin raised money for Kyle Rittenhouse, great!
- 2) I don't know this Pegasus thing LW mentions. I've had relationships with lots of people and entities, this is not one that I know.
- 3) It's sad that LW has had threats to his family. Doesn't make it right at all but join the club. That's what the psychos we deal with do...they threaten us because they fear us.
- 4) Prayers and praying: I pray a lot, always have and always will. As I've said, they can take away your freedom but never your faith. If I've said prayers, they're meant for good purposes, nothing more nothing less. Period. Whatever your religion, you decide. Mine is of the Catholic faith...and I do believe we are one nation under God. The left is trying to cause division and are desperate to remove God from everything (let's not let them do that).
- 5) Earning a living, or better stated, recovering lost earnings and costs...you bet. America got me through the past four years, I trust they'll stand by me in the future.
- 6) Any other sins I've missed, I'm certain someone will mention one or two. My family and I went through unrelenting political persecution because I stood against the devil herself and helped (in a significant way) DJT get elected as POTUS. Anyone who thinks I'm deep state and then allowed the persecution and slander my family and I went through since 2016 is out of their mind (seriously).
- 7) My endorsement of Vernon Jones: I support Vernon and believe he is the best candidate to be the next Gov of Georgia. LW supports another candidate. That's okay, that is his choice.
- 8) Judges and judging: For all the so called people of faith, there are a lot of judges among you all. Keep in mind who the ultimate Judge is and it ain't me. What I do believe is that we have very serious issues to deal with right here in the United States of America and these massive issues are where we should be focusing our energy.

Now it's back to my grandkids who I'm trying to spend some precious and quality time with.

Sincerely,

Michael T. Flynn
