

I have enormous respect for our law enforcement professionals who daily place their lives on the line to protect our lives and communities.

They understand, all too well, the dangers and difficulties as they execute their daily responsibilities.

After watching a video earlier of Martin Hyde at a traffic stop, it is clear, I can no longer support him as a candidate after his display of disrespect towards a police officer.

Therefore, I am officially pulling my endorsement of Martin Hyde running for Congress in Florida.

Sincerely,
